# IT'S ALL ABOUT THE MEMORIES.

Some moments pass quietly, while others stay with us forever. When creating The Covey, it was important to build a place where those lasting moments could unfold naturally, set against the open prairie with sweeping views of Colorado's Front Range. With its rustic charm, The Covey was designed to bring people together, where laughter is shared, connections are strengthened, and memories linger long after the celebration ends.

*with love,*  
*Lloyd & Janice*
